Evaluation Guidelines

Module 1
Evaluation

Evaluation Schedule

Attempt 1

Date : 22/03/2026 (Sunday)

Time: 3:00PM to 4:30 PM

Attempt 2

Date : 29/03/2026 (Sunday)

Time: 3:00PM to 4:30 PM

Best of two attempts will be considered during your CGPA calculation.

Evaluation Name

Module 1 Evaluation

Evaluation Weightage

This Evaluation will contribute 20% to your CGPA.

Evaluation Platform/Mode

Masai (LMS) / Online

Evaluation Syllabus

- Academic Lecture 1 - The AI Landscape & Lab Setup
- Academic Lecture 2 - Computing & Programming Foundations
- Academic Lecture 3 - Terminal & Version Control
- Academic Lecture 4 -Python: Logic & Flow
- Academic Session 5 - Python: Loops & Automation
- Academic Session 6 - Python: Functions & Modularity
- Academic Session 7 - Python: Files & JSON
- Academic Session 8 - NumPy: Numeric Foundations
- Academic Session 9 - Pandas: The Data Table
- Academic Session 10 - Data Cleaning & Handling Nulls
- Academic Session 11 - The "Data Query" Mental Model
- Academic Session 12 - Advanced Pandas: Grouping
- Academic Session 13 - SQL Basics for AI
- Academic Session 14 - SQL: Intermediate Querying
- Academic Session 15 - Plotting & Visual Storytelling
- Academic Session 16 - The EDA Checklist
- Academic Session 17 - APIs: The Agent's Hands

Everything covered till 12th March, 2026 is expected to come in evaluation

Question Types and Submission Format

Each test **may** include one or more of the following question types. The submission format will depend on the type of question as specified in the exam interface.

Question Type	Description	Format of Submission
Multiple Choice – Single Select (SCQ)	Choose one correct answer	Select the correct option
Multiple Choice – Multi Select (MSQ)	Choose one or more correct answers	Select all applicable options
Numerical Answer Type (NAT)	Enter the numerical value as the answer	Type the exact number
Fill in the Blanks	Fill in missing words, phrases, or values	Enter the correct response in text box
Subjective	Write detailed or short descriptive answers	Type the answer in the provided text area
File Upload	Submit a file as your answer (e.g., Excel, PDF, Image, Document, etc.)	Upload the file as per the question instruction

About this Evaluation

- **Evaluation Duration: 90 Minutes**

- **Marking Scheme:**
  - Negative marking will be applicable for the objective questions (MCQ, MSQ, NAT, Fill in the Blanks) — **+4 for correct** and **-1 for incorrect.**

  - There will be no negative marking for subjective questions.The number of questions and their respective scores will be announced during your evaluation.

- **The evaluation will be proctored.**

- **You will have two attempts. The best score out of the two will be considered for your CGPA calculation.**

Proctoring

1. All evaluations will be proctored, means your video will be recorded.
2. Make sure you have web camera, stable network and Working Mic.
3. Make sure you are sitting in well light area while attempting the evaluations.
4. Evaluations to be attempted from the computer only & not from Cell phones and tablets.
5. One smartphone with working camera will be needed for recording your body and laptop from side angle view.
6. Any unethical action by the student will not be tolerated.
7. You should watch the following Tutorial video to get an idea about Proctoring: VIDEO LINK

System Requirements

1. Test can only be attempted on **LAPTOP / Desktop** with working camera or external Webcam and Mic.
2. Only use updated version of the **Google Chrome** during the evaluations.
3. Make sure you are attempting quiz by **using computer or laptop** with a **working webcam.**
4. Make sure you have **Windows 10, Windows 11, MAC OS**, in your computer for attempting the evaluations.
5. **One smartphone with working camera to be used as secondary device.**
6. Good stable internet connection.

General Instructions

1. Please ensure that you are ready 10 minutes prior to the start time to avoid any kind of urgency.

2. The ***use of AI tools is strictly prohibited*** during the evaluations.

3. Late submission won't be considered

4. Make sure you are submitting the right answers as no resubmission will be possible after deadline.

5. **Evaluation Helpdesk** - We will also share a meeting link on Mail on the day of evaluation. Please join the link if you are facing any issue. Our team will be there to provide you live support.

Plagiarism

Objective

The objective of this policy is to uphold academic integrity by addressing students identified through the proctoring mechanism for engaging in plagiarism or any other form of academic dishonesty during online evaluations.

Occurrence	Consequence
1st Occurrence	The student's evaluation will be marked as zero, and a written warning will be issued. A record of the incident will be maintained in the student's file. Disciplinary action may also be taken if required. The candidate will be allowed to continue attending regular classes.
2nd Occurrence	In cases of serious misconduct, first the student's evaluation attempt will be marked zero and the matter will be reviewed by the Academic Committee. The candidate can attend day-to-day classes, but no certificate will be given.

Implementation

- All cases of plagiarism detected through the proctoring mechanism will be reviewed by the disciplinary committee.
- Students will be given an opportunity to explain their actions before final decisions are made.
- Communication regarding disciplinary actions will be sent via official email channels.

Thank You!
